

ROYAL CANADIAN CORPS OF SIGNALS

~ Working Groups ~

WG #1 – CORPS STRUCTURES

Lieutenant-Colonel Jim Gash and Lieutenant-Colonel Carl Homer (Retired)

- Explore & critique the Brigade Signal Regiment Concept
- 6 CCSB Signal Unit ORBAT & requirements
- Canadian Army Signal Unit ORBAT & requirements
- Define Cyber and EW Structures (Combat Support vice Command Support)

WG #2 – CORPS PERSONNEL

Major Nick Gonthier

- Discuss Corps Branding / Identity / modernized MOSID Titles
- Corps Recruitment (Corps / Army / CMP ... who leads, who supports, and what are the roles)?
- Define the occupational focus / speciality / function that each profession in the Corps uniquely provides
- Discuss Retention & Job Satisfaction issues and propose solutions (within the Corps' sphere of influence)
- What Cyber and EW skills & training are needed within RCCS occupations?

WG #3 – CORPS TRAINING

Lieutenant-Colonel Genevieve Audet and Major Duncan Irwin

- What new skill sets are needed for the RCCS to remain relevant given emerging technologies in warfare?
- What adjustments should we undertake in the current RQ 1 thru 4 training for RCCS NCM MOSIDs?
- How can we maintain relevant OSQ with all the capabilities that are fielded in the CA?
- How should we share the responsibilities with the training of capabilities?
- What is the biggest concern related to training?
- Signal Operators provided with EW and SATCOM training
- SILO Chapters to include (1) Signals in Unique Operating Environments and (2) Unique Operations
- Advanced QS/TP refinements ... FSOC / CAF Net Ops, etc.
- Signal Corps and Army Fundamentals ... BMQ-L and Driver Training, etc.
- Signal Mission Task Verbs ... doctrinal definitions for ...
 - Signals
 - Command Support
 - C2IS
 - C5ISR
 - Systems Management
 - General / Close / Integral Support
